

Adobe Creative Cloud access from home.

You are able to install adobe applications and use them at home. You will need to know your HWB details for this and have access to a device such as a PC that can install software.

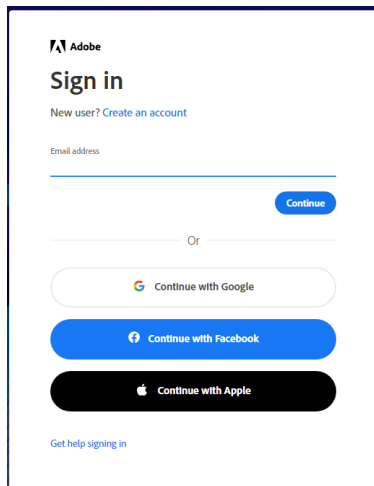

Visit this address:

<https://www.adobe.com/uk/creativecloud.html>

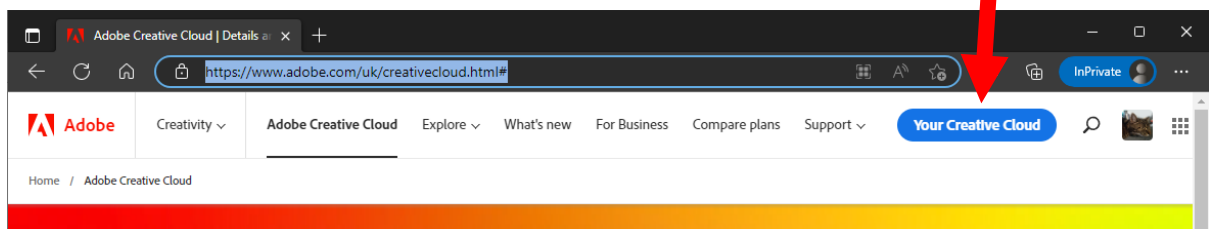

Click "Sign In".

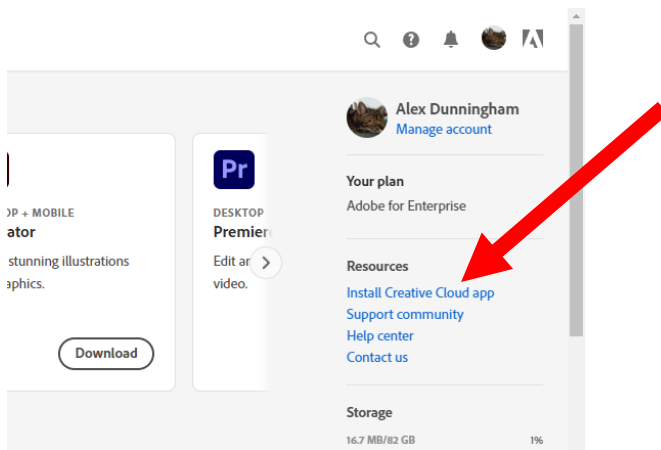

Sign in with your HWB username and password.

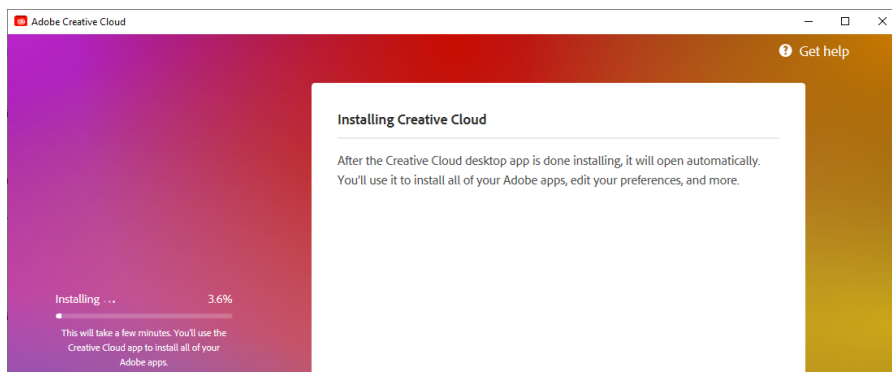

Click **Your Creative Cloud**

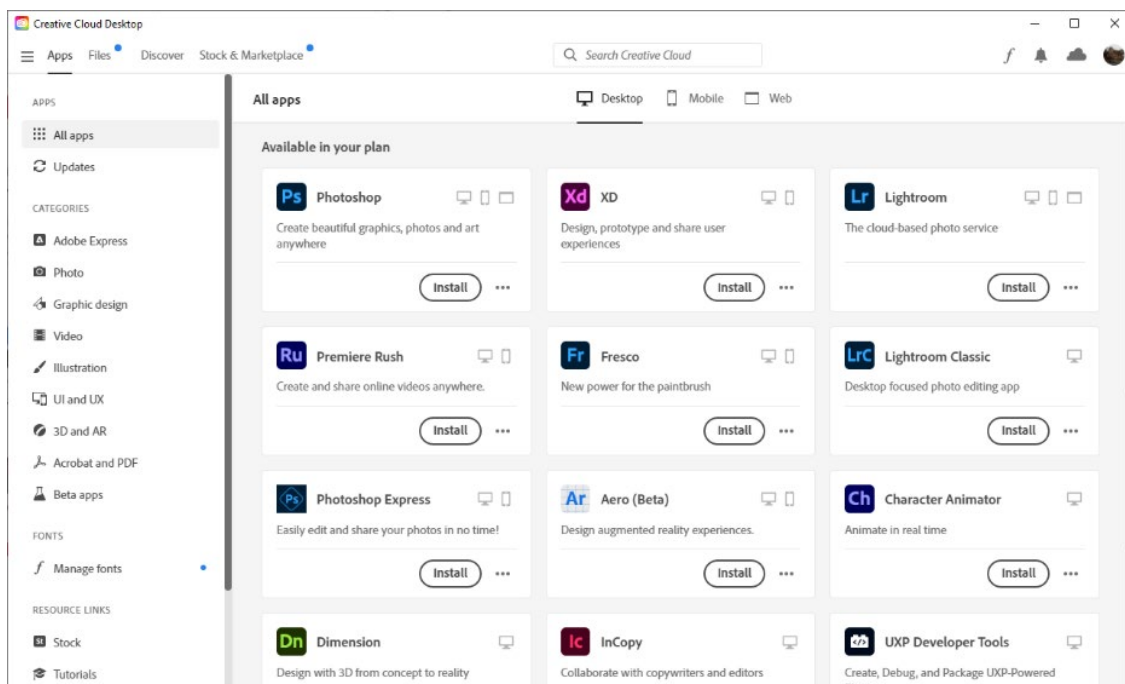

Click **Install Creative Cloud App**.

Adobe Creative Cloud will now install.

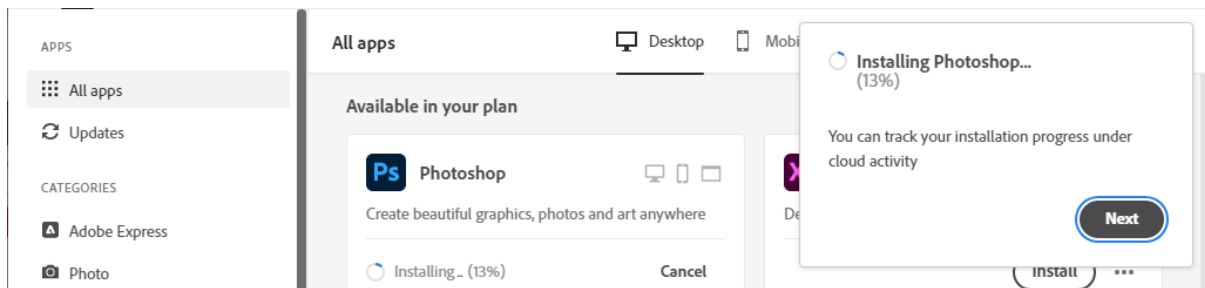

Once it has finished the **Creative Cloud Desktop** program should load and will look similar to this.

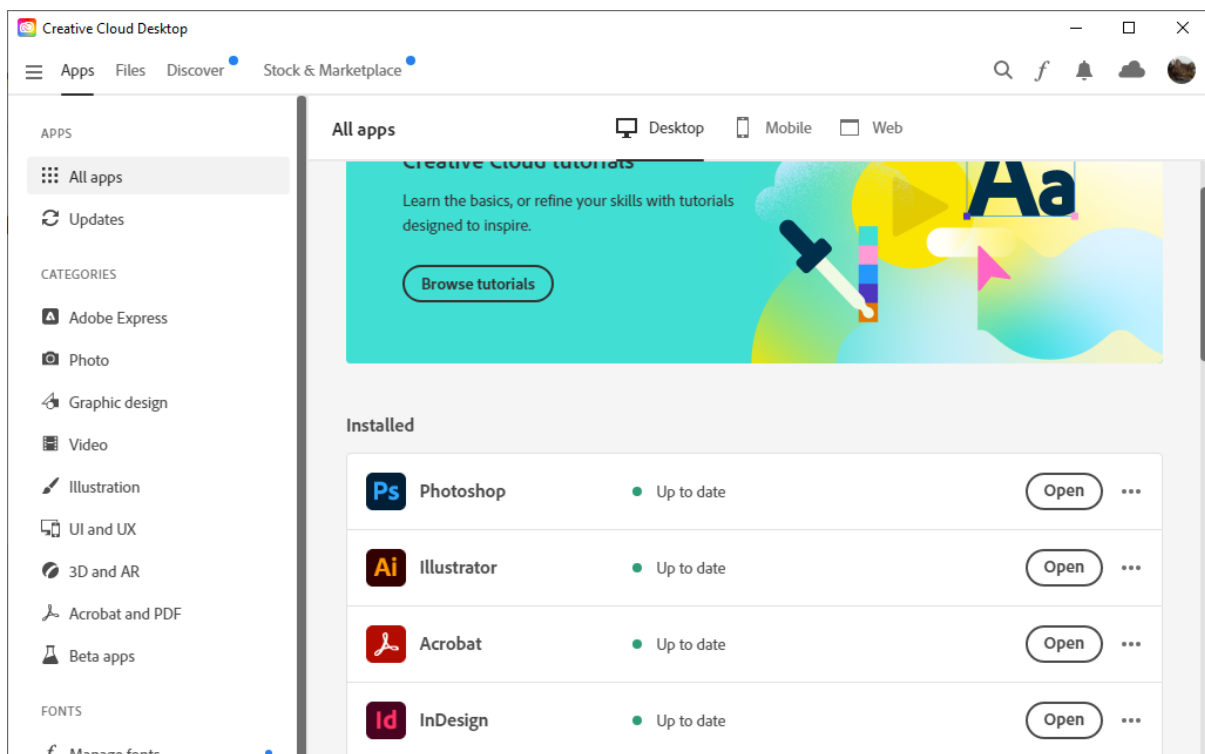

Click the **Install** button on the required piece of software.

Installation will begin.

Once finished you may need to scroll up the page to see all of the software installed.

Click the **Open** button to run the required piece of software.
